Additional Comments:

- Jen is a great teacher – so friendly & warm and involved. Our son really likes to see her
- My children look forward to coming and love Jen
- Great program – thank you for offering this in Blewett
- We would like to have more physical exercise
- Physical exercise is available most of the time, but sometimes the gym is closed and on those days is missed
- Thanks for holding this space – very valuable to us
- Strong start is a great program for ages 0-3. It could be adapted to be more welcoming to high energy 4-5 year olds not yet in kindergarten. We love Strong start
- I am concerned that the facilitator seems to prefer younger children to older children. Most interaction with the children involves telling them rules or not to do something
- Jen is fantastic
- We look forward to coming to Strong start every week – Jen is fantastic
- Jen is amazing. My son loves coming to Strong start. We go to both the Rosemont and Blewett. This is the only program that we attend. We love it that much. If I didn't work, we'd come every day! I cannot stress enough how perfect Jen is for the job
- Suggest getting some more advanced toys and puzzles for age 4-5
- The structure of the program has a wonderful routine for the kids. The songs are always changing but still used enough that the kids learn them and sing along. Jen is so welcoming and has a warm kind heart. The kids ask to see her when the program isn't on

- Always welcome here
- The Strong start program at Rosemont is very valuable for my child and she enjoys coming and seeing Jen
- Wonderful program and wonderful facilitator
