

COVID19 TYPICAL SYMPTOMS

The typical symptoms people who have been exposed to COVID 19 experience are:

- fever
- dry cough
- fatigue
- other flu symptoms such as body ache and/or sore throat

If you have ANY of these symptoms, please self-isolate as much as possible for 14 days. That means “STAY HOME”.

Continue to follow Universal Precautions:

- **Wash your hands regularly with soap, for at least 20 seconds.**
- **Avoid touching your face.**
- **Cough/sneeze into a tissue or your elbow.**
- **Disinfect all common use areas regularly through the day and night.**
